 **MILLION  
AND RISING**

## **HIFUTURE GLOBAL FOOTPRINT**

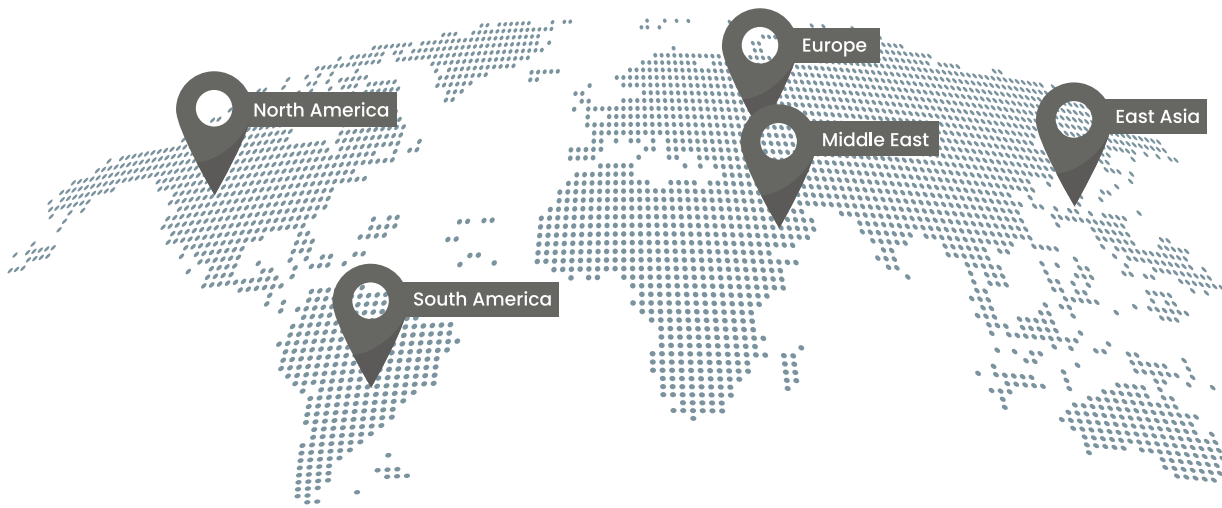

We are committed to deliver our customers a premium and sophisticated range of smart electronics in smart earbuds, smart watches, Bluetooth speakers, and smart glasses category products. It feels a privilege to stand as a leading global consumer tech brand with a presence in over 60+ countries and 6000+ consumer stores with 4 million of user-base across the globe.

At HiFuture Group, we bring passion and innovation to design smart products using new-generation technologies that help connect people wherever they are. Our mission is to deliver smart experiences to our users and surprise them with maximum comfort, productivity, and entertaining.

We understand the power of music to inspire every individual. With our strong successful history in audio innovation, HiFuture Group and its diligent staff are missioned to bring positive impact in the lives of the young generation who are creating soundtracks and bringing music to lives across the globe.
